ALL SPORTS OPEN DAY AND SEMINAR

- Test drive the latest John Deere and Jacobsen turf equipment
- Discover the latest products and technologies in turf management
- Learn about new techniques and practices from industry experts

Guest Speakers...

SPECIAL GUEST: Keith McIntyre, BSc. Hons, MSc
Author of Drainage for Sportsturf and Horticulture

Keith McIntyre has more than 30 years experience in sports turf, specializing in design, profile design, drainage and soil selection.

Bruce Stephens, Anco Turf
Sportsturf: Monomixes and more

Bruce has over 30 years experience in the turf industry. He will discuss different turf types (monostands and mixtures) and preview some new turf varieties in the pipeline.

Marcel Hendriksen, Hendriksen Contractors
Construction Methodologies and Machinery Innovation

Marcel has more than 30 years experience in sports field and golf course construction. He will discuss innovation in sports field construction, with a particular focus on the successful Princes Park Project.

Gavan Hegan, Nuturf
Keeping it Clean

Gavan will be talking about new and old chemical types, and when to apply them, to keep your turf weed and pest free.

Wednesday 18 May 2016, 8.30am - 2.30pm

Hendriksen Contractors: 510 Hall Road, Skye

Morning tea and lunch provided. RSVP by Wed 11 May to hendriksen@bigpond.com
